

2005 AHCA BREED SYMPOSIUM RED LION HOTEL

Wednesday Evening, October 19, 2005

Join us for a night devoted to a discussion of life threatening diseases that affect our breed: chylothorax, lung torsion and hemangiosarcoma.

Dr. Jonathan McAnulty DVM, Phd, University of Wisconsin- Madison School of Veterinary Medicine will be our featured speaker. Dr. McAnulty is currently doing a comparative clinical trial, funded by the Morris Animal Foundation, for surgical treatment of chylothorax in the dog. To date, three afghans have gone through his trial and all three are survivors! ***This is a presentation you won't want to miss!***

Reservation Deadline is: Wednesday, September 28, 2005

6:00 PM Cash Bar

6:30 PM Mexican Buffet 7:15 PM Symposium

(Dinner also includes drink, tax & tip)

All checks payable to the AHCA (US Funds Only) and must accompany reservations.
