Saint Bernards who qualified for the National Agility Invitational (NAI)

The AKC Agility Invitational report lists the top dogs ranked in Agility events and is based on the Top MACH Dog formula (Double Q's x 10) + MACH (Master Agility Championship) points that dogs have earned during the qualifying period. Dogs must have competed and qualified in Regular Excellent B classes and the top five (5) ranked dogs of each breed will be included on these reports. If there are not five (5) dogs ranked from the Regular Excellent B classes, dogs will be ranked based on the number of double Q's from the Preferred Excellent B classes that were earned during the qualifying period. The reports will automatically sort the dogs alphabetically.
