Enjoy the Archives where we keep memories and history alive, all stored for our future, dating back to 1879! For fun, go to the **YEARS** page and click on your birth year to see what was happening when you entered this world! If you were born prior to 1879 there was **NOTHING** going on, believe me, I checked it out at the AKC Library!

This link below will give you an idea of some of what I track in the Archives for Saint Bernards just pertaining to titles only. No wonder it takes me so long each month!

Purpose of the Saint Bernard National Archives.

To record & remember our breed's accomplishments from the past to the present; therefore, setting new goals & new accomplishments for the generations of the future.

Enjoy your visit(s) to the Saint Bernard National Archives.

Something to consider when naming your puppy and registering that name with the AKC:

When naming your new puppy and registering that name with the AKC, you might want to consider not making the name *too* long. A long name (including spaces between *many* words) tends to get cut off in the database fields. As a result, your puppy will not receive the recognition it deserves when it starts to earn titles as its name will appear “chopped off.” We surely don’t want that to happen! ☹️ **A point to ponder!**
