The December 2009 Titles ONLY have now been posted in the Saint Bernard National Archives; hence, we are starting to close off the year 2009. One may now observe, and have a pretty good idea, of who the Top Sire and Top Dam for the year are going to be. This is always subject to adjustment over the next two months as sometimes there are late postings to the AWARDS. When the March AWARDS arrives (middle of March) we will finalize the statistics. Click on the **DATA** column to see the titled Saint Bernards of 2009.

With the December titles, we saw **CH Revilo's Quincy CD WP** move up the Top Sire scale and now has tied the record of **CH Hunk Von Mardonof** with **31** champion get. The all-time Top Sire is **CH Raphael Van Rijn** with **33** champion get. Click the **RECORDS** column to review the Top Sires & Dams of all-time.

Click on the **FAME** column to see the new Hall of Fame Inductees and Plateaus of Excellence.
